PET THERAPY

We offer many different opportunities of animal assisted therapy to our residents and are happy to bring in vendors like Paws of War, Love on a Leash, and Horsability. We even have our own community pets! Dolly our 18 year old Dalmation and Martha & Blanch our bunnies!

HORSEABILITY
CENTER FOR EQUINE FACILITATED PROGRAMS

LIFE ENRICHMENT EXPERIENCE

Join us as we fill our resident's lives with therapeutic programming provided by our Live Enrichment staff which coincides with the 9 dimensions of wellness focusing on the whole-person approach to health with the following benefits:

- Nurtures physical, psychological & social wellbeing
- Promotes a wellness culture within the community
- Ensure & exceed resident's wellness needs
- Increase socialization & quality of life

Our Life Enrichment Coordinators are trained & certified in a wide variety of different programming. With 4 Licensed Therapeutic Recreation Specialists, (CTRS), our programs are delivered with the highest possible outcome allowing residents to maintain their quality of life. Coordinators are also Certified Dementia Practitioners, (CDP), specializing in Montessori based programming for our Memory Care residents., (CMDCP).

DIRECTOR OF LIFE ENRICHMENT
ALYSON LAURIGUET, CTRS, CDP, DCC, CMDCP

ADRC PARTNERSHIP

We are proud to partner with the Alzheimer's Disease Resource Center on multiple programming opportunities specific to our Memory Care community. Our residents are invited to the following programs monthly at no cost to our residents or community:

- Equine Therapy at Marlokai Horse Rescue
- Art Therapy at the Parish Art Museum of South Hampton
- Educational Opportunities at the Long Island Museum & Cradle of Aviation Museum
- Music Therapy at ADRC in East Islip

The Art Expression program helps guide individuals with Alzheimer's disease to speak through creation. It is important to make individuals with dementia feel free to express themselves and not be judged based on their finished product. Each piece is a unique memory being brought back to life.

The Equine Therapy program is focused on spending time "in the moment" with the horses & in a nature setting. Residents are guided through gentle interactions like feeding & grooming. Horses are intuitive creatures, making them the perfect animal receptive to both verbal & non-verbal communication.

MEN'S CLUB

Our Men's club offers our male residents an opportunity to spend time together both in and outside of the community. Monthly they enjoy outings such as bowling, luncheons, fishing, and the local brewery. While in the community, our gentlemen meet for cards, charity work, and themed socials!

COMMUNITY LIVE ENTERTAINMENT

While providing live entertainment for our residents 4-6 times a month, we are always looking for new vendors & entertainment opportunities for our residents.

- Live Music
- Art Therapy
- Themed Parties
- Dancers
- Lectures
- Pet Therapy

COMMUNITY OUTREACH

Village Walk is locally owned while remaining community minded. We are proud to allow our residents a number of different volunteer opportunities and ways to be involved with the community we are a part of.

MAKING STRIDES AGAINST BREAST CANCER

We take pride in supporting our residents & employees who are proud survivors and those still fighting every day!

WALKING TO END ALZHEIMER'S

Each year we are proud to walk in 4 different Alzheimer's walks across Long Island and are one of the only communities to bring our Memory Care residents with us!

CONGRAGATIONAL CHURCH OF PATCHOGUE SOUP KITCHEN

Throughout the year, our resident volunteers and employees head next door to the Church and serve a fresh man supplied fully by Village Walk to patrons of the community who attend their weekly soup kitchen.

SEASON OF GIVING

Our partnership with the Patchogue Medford Youth Services, Inc is so important to us because it allows us to help our very own local families. This year, we were able to adopt 11 Patchogue children and complete their Christmas list.
